STATE OF PENNA.

HENRY MEYER,  
Centre District

Harrisburg, Pa., Feb. 24..... 1883

Dear Maime,

Not having much to do this evening I thought I would drop you a line. Our session closed at noon and nearly all the members have gone home. This afternoon a number of the Indian boys from the Carlisle School came into the House Rep. They are in U. S. uniform, and are intelligent looking. Their ages are from about 12 to 20 years. I got nearly all if not all of them to write their names on a sheet of paper which you will find enclosed. It snows again. I expect to get home to-day a week, but you need not send any one to the station for me, - there are nearly always chances.

Yours &c,

H. Meyer.
