INDORSEMENTS.

The laws relating to the transfer of Indian children from reservations and schools are as follows:

That hereafter no Indian child shall be sent from any Indian reservation to a school beyond the State or Territory in which said reservation is situated without the voluntary consent of the father or mother of such child if either of them are living, and if neither of them are living without the voluntary consent of the next of kin of such child. Such consent shall be made before the agent of the reservation, and he shall send to the Commissioner of Indian Affairs his certificate that such consent has been voluntarily given before such child shall be removed from such reservation. And it shall be unlawful for any Indian agent or other employee of the Government to induce, or seek to induce, by withholding rations or by other improper means, the parents or next of kin of any Indian to consent to the removal of any Indian child beyond the limits of any reservation. (28 Stats., p. 906.)

Provided, That hereafter no Indian child shall be taken from any school in any State or Territory to a school in any other State against its will or without the written consent of its parents. (29 Stats., p. 348.)

That no Indian pupil under the age of fourteen years shall be transported at Government expense to any Indian school beyond the limits of the State or Territory in which the parents of such child reside or of the adjoining State or Territory. (35 Stat. L., 781.)

The rules provide that—

A pupil who has been regularly enrolled in a nonreservation school must not be taken to any other nonreservation school without the consent of both Superintendents and the Commissioner of Indian Affairs, and superintendents will be held to strict accountability for such pupils taken to their schools.

An Indian boy or girl 18 years old and over may, without the consent of parents or others, personally sign the application form on its being changed to suit the case; but in all cases where the parents are living they should first be consulted.

My dear Madam:

When I received your letter during the early summer regarding your desire that Joseph Helms should be persuaded to remain under the jurisdiction of this school throughout the vacation months, it had already been arranged for him to continue with the work in his trade here at school. Joseph did excellent work during the vacation months and conducted himself properly in every way.

At the beginning of the year's work in our Print Shop a boy familiar with machinery was needed to run a type casting machine used in connection with the new Monotype machine installed there and Joseph was selected to do that work. He is proving himself a capable worker and has become well located for this school year.

As Joseph's period of enrolment at Carlisle will terminate at the close of the school year in June I will gladly take up with you before that time any suggestion you

wish to offer regarding the work you desire he shall do after his school days are over.

Assuring you that it is a pleasure to convey so favorable a report to you and that I will gladly cooperate with you further as may be decided best for Joseph, I remain,

Very truly yours,

HKM. Superintendent.

Dear Sir:

In the case of Joseph Helms, I respectfully ask that he be asked to discourage the idea of wanting to come home to spend his vacation. And instead, to go on an "Outing", if a place can be secured for him, at some automobile factory, such as is located at Detroit Mich. I think such a place, and at some good home, he would be contented to stay, until school takes up Sept 1st 1915. Hoping this request will be immediately attended to. I remain

Yours Very Respectfully.

Dear Mr. Buntin:

The copy of the letter I addressed to Joseph I. Dear Mr. Lipps:

Joseph I. Helms appears to have been enrolled as a pupil in your School, whose term would expire in 1916. He called at the office this morning and says he would like to get a transfer to Chilocco.

It is questioned in my mind, from the appearance of this young man, if he should be retained in any government school any longer, notwithstanding he has furnished affidavits showing he is a quarter-blood, his appearance does not indicate it.

Please advise me whether it is practicable to make such transfers or not.

I thank you for your letter of December the 21st, expressing your satisfaction about the reports that have come to you this year regarding the progress that has been made by your grandson, Joseph Helms. Gentlemen:

Mr. Brown, Instructor in our Printing Department, has submitted correspondence to this office he and Jos. Helms have had with you in regard to the latter's being instructed in your Free School in the operation of your casting machine. In view of the fact that the young man has shown special aptitude on the caster work, commended by Messrs. Miskimum, Meyers and Neyber of your force of experts, I desire to be advised now whether we could expect you to aid us in placing the young man in a position after he had completed satisfactorily with you a course of instruction.

Trusting that you will not be inconvenienced by this request and that I shall hear from you soon, I remain,

memo. on Helms.

Mr. Miskimmin, Mr. Meyers, and Mr. Naylor,
(mono. experts who instructed him)
all commended Helms for his aptitude on the caster work.

Probably an expression from any of these would be helpful for the Monotype Co. in making reply to the question of probability of securing a position for Helms after he has ~~taking~~ taken the factory course.

My dear Madam:

This reply to your letter of recent date in regard to Joseph Helms has been so long delayed because it was undetermined just what could be done for him along the lines suggested in your letter. Joseph has become very much interested in the special printing machine of which he has had charge at this school this year and has come to the conclusion that he would like to go to the special instruction school conducted by the Company that manufactures the machine to gain a wider knowledge of the machine and the work that can be done on it. We have had some correspondence with the Company mentioned but no assurance has been given that their aid could be depended on to secure Joseph a position after he had mastered the work given by them. Just as soon as it is learned definitely that it would be to his advantage to take the instruction work you will be advised further.

Assuring you that we will endeavor to do the best that

Dear Sir:

Yours dated Sept 30th rec'd.

I am very well pleased to know that my desire concerning Joseph Helms welfare was well understood as to where he was to spend his last vacation Months.

And now I will make suggestions, that as his period of enrollment will soon terminate at that Institution, that he be persuaded to take the Civil Service examination at the nearest point, from Carlisle, as soon thereafter as, or after the close of the School year in June, 1916,

In order that he may enter the U.S. Indian Service at what work, he can well be adapted to do.

It is my opinion, the sooner, a student from an Indian School gets into some remunerative employment, the better it is for them in the future.

Wishing again for your full co-operation in the above suggestion, concerning Joseph's wellfare

I remain

Yours Very Respectfully.

Dear Madam:

At the request of Joseph Helms I am writing you in regard to making arrangements for him to take a course of work in the free school that is conducted by the Lanston Monotype Machine Company, of Philadelphia.

The correspondence we have had with the Company's officials can be considered an assurance that everything possible will be done to assist Joseph in finding a suitable position after he has completed the prescribed course of work, which should take him not more than twelve weeks at a probable maximum cost per week of $7.50. As Joseph has shown special aptitude in the work on the machine here it is believed that it would advisable to assist him further as may be required so that he can get the special training that would be given him in the Philadelphia school that is conducted by the Lanston Company.

Will you let me know in what other way I can be of service or how further cooperation can be extended?

Very respectfully,

Please let me hear with a day or two that you can arrange to report on April the 3rd as is desired by the Monotype people.

Dear Sir:-

Your letter of February 26th was held for the attention of Mr. Seipp, who is acquainted with the detail of the School and who has been absent from this office for nearly a week.

On going over this matter with him this morning, we find that we will have the best opening for Mr. Helms in our School on Monday morning, April 3rd and if he will make definite arrangements to report at that time, we will be indeed glad to accommodate him.

We would appreciate your advising us if this date is satisfactory and if we may expect Mr. Helms to report on this date.

Very truly yours,

Attention - Mr.O.H. Lipp, Supt.

Gentlemen:-

We are in receipt of your letter of March 20th advising us that you are arranging to have Mr. Joseph Helms report to our School on Monday, April 3rd, in accordance with our previous arrangements.

On his arrival in Philadelphia at that time, we would suggest that you have Mr. Helms report direct to the writer, at our factory, 24th & Locust Streets, who will be pleased to take up with him the matter of board and lodging. We carry on our list here in Philadelphia the names and addresses of a number of boarding houses within about ten minutes' walking distance of our School, where the students will be able to get good board and lodging at anywhere from five to six dollars per week.

If he will report to us first, we will get in touch with these houses, to see just what accommodations they have and then have him get straightened out before starting him on with the instruction in the School.

Thanking you for the interest you are taking in this matter, we are

NOTE.—One of these blanks should be filled out by each pupil at Government boarding schools, preferably with the assistance of the superintendent or some one designated to act as his representative. If the superintendent is of opinion from the information given that the pupil is entitled to enrollment he should so indicate by signing the blank in the proper place and filing in the individual pupil's folder. In the case of pupils concerning whose eligibility or need of Government aid there is some doubt, superintendents should make proper remarks and recommendations in the space indicated and forward the form to the Indian Office for consideration.

Dear Sir:

Your communication, dated July 1st rec'd sometime ago, relative to my grandson Joseph Helms. The purpose of this letter is to convey to you, my profoundest thanks, for the great interest shown, in providing a position for Joseph, just at the right time.

Otherwise, being idle, and nothing to occupy his mind after completing his allotted time, at your very valuable School, might have lost, the use and benefit - the School training, which he derived at Carlisle.

Hoping I may receive splendid reports concerning Joseph's conduct and work

I remain

Yours Very Respectfully,
