Mr. Pablo Herrera,

U. S. Indian School, Greenville, Calif.

My dear Friend:

The letter you addressed to Mr. DeHuff at this school on the 2nd instant has been brought to my attention. In reply thereto allow me to state that no one here ever supposed that you had been anything but the gentleman you have always been while connected with Carlisle when you did call on Delia Edwards. However, the fact remains that you should not have called at one of our girls' outing homes without permission and that it was only fair to call attention to the fact that in all you do you must never be placed in the position of having to make an explanation. It is always very much better to have all explanations made before an action is taken about which there can be any reasonable question.

I want you to make a success of your work at Greenville and it is hoped there will never have to be any inquiry about any of your actions.

Very truly yours,

HKM. Superintendent.

U. S. Ind School,

Dear Sir:

Your letter of April 24th, has just reached my hands, demanding an explanation concerning my conduct while out visiting Miss. Delia Edwards. I shall answer with the greatest of care and truth.

It is true I did not have permission to call on miss Edwards, from any of the school authorities, but the young lady herself had already asked mrs. Lippincott for her permission and I thought that only was necessary. Permission was granted to the young lady that I might visit her before I left. So on my way back from Miss Peck, my former country home, I stopped at Shila. and went over to see miss. Edwards. And as for

as my conduct is concerned while there; Mrs. Lippincott herself can tell you all that is necessary to clear me from any suspicion of misconduct that have of me.

You need not to fear of my possession of any personal inclinations or influences. but you perhaps remember that when you was young, and a young lady asked you to pay her a visit before you was going away, you tried to please her, well that was the case with me. I do not beleive that you can never prove that I have acted in any way or any where improper. especially while with this young lady. I relize that I should have asked your permission, but as I said before I did not think it necessary. I relied and depended upon my conduct and reputation.

If you have any doubt as to my conduct while out visiting Miss Edwards, you can question both Miss. Edwards, and Mr. and Mrs. Lippincott. Mr. and Mrs. Lippincott took us out for an auto. ride, the afternoon I was there.

I think I have always been trusted, and I have given you a complete explanation which I hope will clear me. hoping that you will change your opinion,

Yours very Truly

Dear Pablo:-

I have your letter saying that for several reasons you have thought it best to give up your work at Greenville and have resigned. your resignation to take effect the last of this month. You say that you wish to enter Haskell's Commercial Department eventually. I am very glad to know that you realize the need of more education. You are still young and should spend the next three or four years in school. I would not advise you however, to go to Haskell or any other Indian school. What you should do is to get a job as soon as you leave the service and when you have earned enough money, go to some reliable Business School and work your way through it. This alone will insure your success in whatever else you take up later.

I would advise you to go to some good school in El Paso perhaps and take up the study of Spanish of which you have a good knowledge now. With a good knowledge of English and of Spanish, you should be able to get some responsible position in Mexico when the present trouble is over. As I know you, you are a man who is not afraid of hard work and I believe you would get lots more satisfaction working with something like this in view rather than remaining in the

service. There are splendid chances for young men in all new countries, where they not only make good money but where they ha ve all kinds of opportunitesfor doing good. I hope you will think about this and then when you have made up your mind what to do, write me again. I am interested in you and want you to make a great success of your life. Do not get discouraged, just keep right on working no matter what happens. You have it in you to make a splendid man and some day I hope to see you in a high position. This depends entirely upon yourself.

I sendyou my best regards and I hope that you may have a prosperous New Year.

Very truly yours

Superintendent.

Indian School,

Dear Friend:-

No doubt you will be rather surprise to hear that I intend to resign as Disciplinarian of this school on the 30th of Dec., I know you will think that I have been a failer as Disciplinarian but after you hear what I have to say you will think different.

Some how the Suprintendent and I have been having some trouble of which no doubt he has already told you.

This trouble started over the Assistant Matron, she reported me to the Suprintendent, saying that she had seen me talking to certian girls out on the front porch this was true but I was only trying to settle a despute between a few of the girls. The Suprintendent did not tell me any thing about the matter, I got after the matron for going to the Suprintendent with such a matter as that.

Things went alright after that , but later some body either a boy or a girl, I know it was a girl wrote a not to another girl and signed my name to it, which caused much gossip, and which made me angry, so I went to the Suprintendent and told him that He himself had told Mr, Durrington that the assistant matron was very incapable and inefficient as matron. when we had no matron here she was suppose to take the matrons, place but she had ask to be excuse and Mr. miller

excused her and put the seamestress as matron and then one of the teahhers and ofcaurse this made the rest of the employees dissatisfied.

Well this matron is always finding fault with every thing she is boys matron and I have tried in every way to please her but have failed, she is always going to Mr. Miller with things that do not amount to nothing.

In one instant I had punished a boy for her and I was just starting to town and needed a boy to take care of my team so I took the boy that I had just punished, and she made a big fuss about that, saying that after I had punished the boy I turned around and took him to town so I told her that even if I had to punish a boy that I was not going to keep a grudge against to the boy so she went to the Clerk inCharge and told him that I had taken the boys, part and had been inpudent to her the Clerk instead of waiting for the Supt. to come he took it upon his hands to scold me for which it was very unjust and he had not looked into the matter in the right way, it got me mad and I told both the Suprintendent and the Clerk just what I thought of them.

Mr. Lipps I have been treated very unjustly here, if you donot beleieve this you can inquire of DR. Smith McMullin of Greenville who was the attending Physician and is well known arround here, you can also ask any body out arround the school about my work here as Disciplinarian they all speak highly of me and say that I have been the only one who had any control over the boys, and that I was the only one that ever gave the students any military and physicial

training since this school has been here, I have done all in my power to put up with all that was said about me but cannot any longer, the students all like me and I like them and get along with them very well. the main trouble with me is that Mr. Miller allow the employees to tell on each other about every thing they can get to tell him that is the way they tell me that they get on the good side of him, well I do not do that I do not go to him with every thing that I hear about the other employe so that is the reason I am not on the good side of him,

I wrote to Washington asking for a transfere but they wrote and said that there was no vacant places at present, so I wrote that if I could not get another place that I would resign on the 30th of Dec.

I think that after I quit here I am going to work up at the mines near here they pay three dallors and twenty five cents it is hard work but I am not afraid to work hard.

I entend to work only until I get another place as Disciplinarian in the Indian Service for I like to be Disciplinarian. If I do not get another place then I want to go to Haskell and take a Commercial Course for one or two years I am only twenty one years old and feel that I need a lots of schooling yet because it is very hard to get along when a a fellow does not know very much,

Could you help me get into Haskell to take a commercial course? Please let me if you could help me get in that school if I do not get a transfere by the 1st of April 1917.

I entend to work here at the mines until then.

I await your reply with intrest.

Yours most Faithfully,

Pablo M Herrera

My dear Friend:

It has been reported to me that you spent the greater part of the day on Sunday, April the 2nd, visiting Delia Edwards, one of our outing girls. As you did not have permission to call at Mrs. Lippincott's home or to see the young lady named it is only fair to expect that you will write a full explanation of your conduct.

This letter is being mailed direct to Superintendent Miller, not to find fault with you but so that you can determine anew to be so reliable and dependable that there will never have to be any question about your actions. You have just started out for yourself and you cannot afford to let any of your personal inclinations influence you in any way to do what you know is improper.

Very truly yours,

HKM.

To Whom it May Concern:

This is to inform you that Pablo Herrara, a Pueblo Indian from New Mexico, was a student at this school from October 1910 until October 1917, with the exception of one year (April 1916 to April 1917) when he was employed as a disciplinarian in the Indian Service, most of that year.

During his 6 years as a student here, he had the military training given by this institution and advanced in rank until he reached that of First Lieutenant in our school organization.

His record at this school as to character and his work is Excellent.

I will see his teacher and have her send you a certificate I would very much like to have him enrolled this year. It was my mistake that I reported him being in the third grade. but it is 4th grade instead and as for Lawrence Lima, I will see Supt. Jeffers personally. Dear Sir:

Replying to your letter of August 13, 1915, relative to the applications of Pablo Herrera, William Herrera, and Lawrence Luna, I have talked with some of the family, and it has been decided to withdraw the application of Lawrence Luna for enrolment at Carlisle.

My dear Friend:

The applications for enrolment at Carlisle you referred to in your favor of the 9th instant were transmitted here by Superintendent Jefferis and were received today. The one to cover your reenrolment has been given favorable consideration and transportation for your use is being placed to Superintendent Jefferis's order at Tularosa.

The transfer of your brother William cannot be effected this year because he has not completed the required work in Grade III that is now considered the minimum in academic attainment for enrolment here.

Lawrence Luna has completed more than enough academic work to entitle him to enrolment, but it is noted that he has not attended an Indian school before and so additional information is desired for our files here which would justify me in making transportation available for his use. If you find it convenient to see the Superintendent personally about Lawrence you might be able to assist in establishing sufficient reasons for the transfer.

My dear Sir:

This is to acknowledge receipt of your favor of the 9th instant, with which you forwarded approved applications to cover the reenrolment at Carlisle of Pablo Herrera and the proposed enrolment of William Herrera and Lawrence Luna.

Believing that Pablo should have the privilege of continuing with the course of training he has begun at this school I am having transportation placed at Tularosa to your order for his use. He may come on at any time.

Regarding the transfer of William Herrera I must state that it cannot be effected because it is shown in the application for his enrolment that he has not completed the work in Grade III. This next year there will not be given any work in a Grade as low as the third, and I return herewith the application.

Before consideration is given Lawrence Luna's application I desire to have a detailed report from you regarding the necessity for taking him out of public school and placing him in a school where Federal aid is given. Will you

Dear friend:-

Your letter of the 14th inst has just come to me. I am very sorry there has been so much delay in your getting your money but the trouble seems to have been unavoidable. Your message came on the 4th inst and because of the holiday following, Mr. Lipps could do nothing until Mr. Miller came to his office, which was not until the 7th. The Western Union Telegraph Company was instructed to forward the money at once, which they did. You had left your boarding place, we were informed, and the telegram transmitting the money, was returned to Mr. Lipps. It has been held awaiting word from you as to where to send it.

I enclose herewith a check for Twenty Dollars, made payable to O.H.Lipps, and endorsed by him. Please let me hear from you when you receive it.

Mr. Pablo Herrera,

My dear Friend:

I have your letter of the 5th instant and am pleased to know that you are planning to return to Carlisle for an additional period of enrolment. At this time, however, I cannot tell definitely whether our limited transportation fund will allow the placing of transportation for your use, but a blank is being enclosed herewith upon which an application for reenrolment may be submitted to Superintendent Jefferis for his approval. You will be advised upon receipt of the application just what can be done about your transportation.

The additional blanks I enclose may be filled out by your brother and cousin, but I must state that it will be the policy this year to enroll only those students at Carlisle who have completed the work in the schools they have attended near their homes unless it can be established that there are other good and sufficient reasons why a transfer should be arranged. It is my suggestion that you see Superintendent Jefferis about the transfer of the two boys so that he can then write me relative to the matter and can let me have his recommendation.

There is also being enclosed a blank for your brother Henry

to sign, but our records show that he is now 23 years of age and that will necessitate the paying of his transportation from his own funds when he does return here.

Hoping I can be of further assistance to you and assuring you of my continued interest in your welfare, I remain,

Very truly yours,

Should he receive assistance to find employment?

At what employment do you think he would do best?

Remarks:

, Supt.

SUGGESTIONS FOR SUPPLYING THE INFORMATION REQUESTED ON THIS BLANK

1. The report of nonreservation school Superintendent should be made at the time or a little before the pupil leaves school, whether at the end of the school year or during the school year, provided the pupil is 18 years of age or over, or younger, if for any special reason the pupil is quitting school permanently. As soon as this report is received, or at least very soon after the pupil returns home, the Supervisor of Indian Employment will correspond with the returned student for the purpose of getting more in personal touch with him and finding out something about his wishes, etc. His answer will be attached to and filed as part of this report.

2. Health, height, and weight of returned students are sometimes very important in placing them properly; height and weight could be approximated very satisfactorily, though from the pupil records now in use all information called for in part 1 of this blank can readily be obtained and be definite.

3. The State, agency, and tribe are important, and where the pupil is not attached to any agency this fact should be stated and the Superintendent should give all available information as to the home and local conditions surrounding the pupil.

4. Where the outgoing pupil has passed the civil-service examination for any position, this fact should always be noted, giving position for which examination was taken.

5. It should be remembered that the Supervisor of Indian Employment can but seldom have a personal acquaintance with the outgoing student, and that he must depend on the information furnished in this report for his basis of action in behalf of the pupil.

6. The degree of Indian blood should always be given, as this fact largely determines how much effort will be made on behalf of any particular returned student; qualifications being equal, or nearly so, the preference will be given to those having the greatest degree of Indian blood.

7. This report should be forwarded promptly to the Supervisor of Indian Employment, Indian Office, Washington, D. C.

8. Reports on students from reservation schools should be made only as to those who leave the schools at 18 years of age, or older, and who will probably not go away to school.

9. If part 1 of this report is made out by the principal of a reservation school, the reservation Superintendent should supply information called for in part 2 if the principal is not informed as to home surroundings and local conditions. Such information is essential to a proper understanding of the difficulties and needs of the pupil.

10. When part 1 is made out by a nonreservation Superintendent, this blank will be sent by the Supervisor of Indian Employment to the Superintendent of the reservation where the outgoing student belongs. He should fill out part 2 and return the blank as promptly as possible, for practically nothing can be done until the information called for in part 2 is supplied.

Information under the heading "Employed since return as follows," will be valuable only in cases where the pupil has been home for some time.

Mr. E. K. Miller,
Superintendent, U. S. Indian School,
Greenville, Calif.

My dear Mr. Miller:

Answering your favor of the 1st instant, this is to state that Pablo Herrera, the young man I have recommended to fill the disciplinarian's place at the Greenville School, was selected at the beginning of this year's work in our Gymnasium as one of the boys who takes charge under the direction of our Mr. Clevett of a squad of students in physical work, so that he has had actual experience in that special line of work you would require him to do with you. Pablo has been an officer for several years, is now captain of a Troop and has demonstrated that he can handle those under his command.

When he was seen at this office this afternoon he stated that he has not made a specialty of playing baseball, but he always enters into the games that are of interest here and knows the game well enough so that he can take care of the boys who play the game. He stated further that he plays a guitar and that he gave up studying band music after he had spent six months learning to play a clarinet, giving

as his reason for discontinuing the work that it would have prevented him from becoming the Captain of a Troop which it was his ambition to become.

Pablo will be 21 years of age in June and as this is his sixth year of enrolment at Carlisle you will probably remember him as one of the students enrolled here while you were an instructor here.

Thanking you for your kind wishes and hoping that I can be of further service, I remain,

Very sincerely yours,

HKM.

The Office has written me about the letter you wrote to it in regard to the filling of the disciplinarian's place at the Greenville school and I would advise you that I appreciate your promptness in the matter and will write the Office that the young man you recommend will probably be OK. I wish to see some correspondence on the matter, from the Office, which has not been sent to me from Greenville, before I settle the matter definitely. I hope to leave here this week for Greenville. Soon after I get there you will hear from me.

You do not say that the young man is capable of leading the boys and girls in games and physical exercises. This he will have to do. His being a carpenter will help out at Greenville very much, for we have no regular carpenter there.

Best wishes and kind regards.

Cordially yours,

The Honorable
Commissioner Indian Affairs,
Washington, D. C.

Sir:

I have the honor to acknowledge receipt of your letter of the 17th ulto, Ed.-Emp. 15347-16 GWB, in re appointment of a Carlisle young man as disciplinarian at the Greenville school. As I have not seen your letter of the 11th ulto in regard to the same subject I prefer to wait until I have seen what you have said in that letter before advising definitely about the appointment of the young man Supt. Lipps recommends. In case there is nothing preventing his selection, I believe he would be a good person for the position.

I will now be back to the school in a few days and trust you will hold up th matter until I have time to go over my mail and get another letter to you concerning it. I am extremely anxious that we get a splendid young man in that position and I am very favorably impressed with Mr. Lipps' letter about him.

Very respectfully,

Superintendent.

Mr. Gehringer:

Pablo Herrera is to leave this school on Monday evening of next week, April the 3rd, on train at 5:37. Please have his name reported "dropped".

HKM. Superintendent.

March 29th, 1916.

Mr. Edgar K. Miller,
Superintendent, U. S. Indian School,
Greenville, Calif.

My dear Mr. Miller:

When a copy of the Office's letter of the 27th instant appointing Pablo Herrera to the disciplinarian's position at your school was received here yesterday I requested the Office at once to advise me what consideration was given my recommendation that Pablo's transportation be paid from the fund especially available for the purpose of placing Indians in positions. However, arrangements are being completed so that Pablo can visit his former outing home for a day or two and then to start for Greenville on Monday evening, April the 3rd. If the Office cannot allow payment of his transportation I shall request you at a later date to assist as may be necessary to secure installments from Pablo.

In this connection I take the liberty to state that I hope you can take sufficient time during the next several months to supervise Pablo's work very closely, and I believe

he is ambitious enough to want to make a success of his work. It has been my experience that an Indian employee can often be required to be a successful worker and if Pablo understands fully how you want to have his work done he should develop into a good man for you. He is yet young and enough of a student to profit by suggestions. Please keep me informed about him and the effort he is making and if at any time you can suggest how I might be of assistance from this end to make him a better employee let me hear from you.

Pablo has practically completed the work required in our Third Year Vocational class and if he does as well as we may well expect him to do I shall give him credit for a year's successful outside work in lieu of school work, with a view of giving him a diploma, if you can report that his efforts to render efficient service with you during the year entitle him to such special favor and you recommend that it be given him.

Extending best wishes and with the hope that Pablo can be of great help to you with your work, I remain,

Very sincerely yours,

HKM. Superintendent.

This charge is being brought to your attention as was requested in your favor of the 30th ultimo and I desire to be advised in what other way I can assist further.

My dear Mr. Miller:

I have received your letter of the 26th ultimo and have noted therein your request for materials that may be used by the young people at the Greenville School in athletic contests. In reply to your letter I must state that what we have accumulated here will probably be needed to stage the interclass and other contests we must substitute for the intercollegiate games that formerly offered an outlet for some of the physical energy of our boys, so that at present it will not be wise to dispose of any of the supplies we have on hand.

When Pablo Herrera was seen at this office today it was suggested to him that upon arrival at Greenville he see you about the advisability of asking some of the employees with you to contribute a small amount toward the purchase of some of the supplies that will be required to play some of the most popular games. A Spalding catalogue was given him in which special prices are quoted, and if it can not be arranged to purchase at such

reduced prices from the Pacific coast houses of the Spalding firm we will gladly make the purchases here and forward the supplies to you.

The least worn basket ball our Mr. Clevett could find has been given to Pablo to take along and four new baseballs have also been sent with him toward the equipment he will need to make a start. As he is a new man and has been specially favored by the Office in so far as providing transportation for him is concerned I believe he can well afford to invest a part of his first month's salary in getting supplies which will aid him to win his boys at once and to get them started in athletic contests.

I trust such an arrangement will meet with your approval and that a start can be made soon after Pablo enters upon duty with you.

In regard to the printing outfit, allow me to state that we have the type ready and boxed for shipment to you. At the present time, however, the press we intended to ship is out of repair and it would not be advisable to send any part of the equipment on until the required repairs to the press have been made.

Trusting we can be of further help and thanking you for kind personal wishes, I am,

Very truly yours,

My dear Mr. Lipps:

I know you to be generous of heart and that is why I am writing you this letter.

It strikes me that if you are to cut out football, or cut down on football, you might have some supplies you would have no use for and would be willing to transfer to Greenville.

I am very short of money--virtually have no school fund, and we want to have some games here. Can you spare us anything for either basket ball, football, or base ball? If so we would appreciate it very much. We actually need some such things and I can not see now any way to get them unless it is through some such method as this.

Anything you may be able to do for us we will accept as a special kindness"from Carlisle to Greenville".

How is that printing outfit coming? I hope it will materialize some day.

Your letter of the twenty-ninth in re Pablo Herrara is hereby acknowledged.

Thank you for getting him to us at so early an date. We need him here. I shall give him every consideration, but he must make good if he is to stay. As you know, there is a great deal in getting a young man, or young woman, off right as they enter the world to assume a position such as Pablo is to start on. No one knows better than I do how important it is that young Indians get the right assistance and proper encouragement as they take up life's serious battle, and you may rest assured I shall do my part and give to the young man every incentive and every opportunity to make good. It will rest with him, for I believe the environment here will be especially favorable for him.

If there should be any need for me to assist you in having this young man refund any part of his expenses here you may count on me to lend you that assistance. I shall be glad to do whatever I can.

I note what you say about the diploma and will show your paragraph to Herrara.

I shall report to you, periodically, how he is doing his work.

I am glad that this young man is coming here. It will be a pleasure to assist him all I can. I hope he will reflect credit on your school.

Thanking you and with best wishes.

If the superintendent is of opinion from the information given that the pupil is entitled to enrollment he should so indicate by signing the blank in the proper place and filing in the individual pupil's folder. I have your letter and have decided that if you are anxious to return to Carlisle and take up the work here with a view of joining one of our future Ford classes, I will give you the chance to do so. You will have to enroll as a regular student and take the preparatory work which Mr. Bradley gives to the boys before they are recommended to go to the Ford factory. I will be glad to enroll you at any time you are ready to come to Carlisle and will pay your own fare here. I think that this is the wisest thing you can do and I hope that you will decide so too. The next class for the Ford leaves here about June 15th. The next class will not be ready until about the first of December. If you desire to come back to Carlisle this last class will be the one you will likely join.
