Mr. O. H. Lipps,
Supervisor in Charge,
Carlisle Indian School,
Carlisle, Pa.

Dear Sir:-

In answer to your letter of June 12, relative to a request of Mrs. Rose Tiokasin for transfer of her daughter's, Bridget, funds, to your school, I have to state that Mrs. Tiokasin has never made the above request in person, but had sent one of her sons. This son was advised that if the Officer in charge of the Carlisle Indian School was agreeable to the transfer of a portion of Bridget's funds, same would be done, and that Bridget should make the request through your office.

Mrs. Rose Tiokasin has a small balance with this office, and will need all of her funds for support of herself and two minor children. Her son reports that Bridget has repeatedly requested for funds which her mother was unable to furnish.

If it is agreeable to you, I would recommend that a portion of Bridget's funds be transferred to your jurisdiction.

Very truly yours,

Supervisor in Charge.

SUGGESTIONS FOR SUPPLYING THE INFORMATION REQUESTED ON THIS BLANK

1. The report of nonreservation school Superintendent should be made at the time or a little before the pupil leaves school, whether at the end of the school year or during the school year, provided the pupil is 18 years of age or over, or younger, if for any special reason the pupil is quitting school permanently. As soon as this report is received, or at least very soon after the pupil returns home, the Supervisor of Indian Employment will correspond with the returned student for the purpose of getting more in personal touch with him and finding out something about his wishes, etc. His answer will be attached to and filed as part of this report.

2. Health, height, and weight of returned students are sometimes very important in placing them properly; height and weight could be approximated very satisfactorily, though from the pupil records now in use all information called for in part 1 of this blank can readily be obtained and be definite.

3. The State, agency, and tribe are important, and where the pupil is not attached to any agency this fact should be stated and the Superintendent should give all available information as to the home and local conditions surrounding the pupil.

4. Where the outgoing pupil has passed the civil-service examination for any position, this fact should always be noted, giving position for which examination was taken.

5. It should be remembered that the Supervisor of Indian Employment can but seldom have a personal acquaintance with the outgoing student, and that he must depend on the information furnished in this report for his basis of action in behalf of the pupil.

6. The degree of Indian blood should always be given, as this fact largely determines how much effort will be made on behalf of any particular returned student; qualifications being equal, or nearly so, the preference will be given to those having the greatest degree of Indian blood.

7. This report should be forwarded promptly to the Supervisor of Indian Employment, Indian Office, Washington, D. C.

8. Reports on students from reservation schools should be made only as to those who leave the schools at 18 years of age, or older, and who will probably not go away to school.

9. If part 1 of this report is made out by the principal of a reservation school, the reservation Superintendent should supply information called for in part 2 if the principal is not informed as to home surroundings and local conditions. Such information is essential to a proper understanding of the difficulties and needs of the pupil.

10. When part 1 is made out by a nonreservation Superintendent, this blank will be sent by the Supervisor of Indian Employment to the Superintendent of the reservation where the outgoing student belongs. He should fill out part 2 and return the blank as promptly as possible, for practically nothing can be done until the information called for in part 2 is supplied.

Information under the heading "Employed since return as follows," will be valuable only in cases where the pupil has been home for some time.

Miss Bridget Tiokasin,

My dear Friend:

I am having letters written to those former students of Carlisle who went to their homes at the termination of their periods of enrolment in June whose return to this school for additional work is desired. Among the number of names selected is your own and I take the liberty to enclose herewith a blank in duplicate upon which an application for your reenrolment may be submitted to Superintendent Covey for his approval. If the exact date of your birth establishes the fact that you are not yet twenty-one years of age your transportation can be provided for you if you enroll for the regular three year period.

Will you let me hear from you if I can be of service to you in carrying out the plans you have made?

Very truly yours,

HKM. Acting Superintendent.

NOTE.—One of these blanks should be filled out by each pupil at Government boarding schools, preferably with the assistance of the superintendent or some one designated to act as his representative. If the superintendent is of opinion from the information given that the pupil is entitled to enrollment he should so indicate by signing the blank in the proper place and filing in the individual pupil's folder. In the case of pupils concerning whose eligibility or need of Government aid there is some doubt, superintendents should make proper remarks and recommendations in the space indicated and forward the form to the Indian Office for consideration.
