My dear Mr. Francis:

The Office has your letter of November 30 inclosing the registration card of George W. Cushing of Alaska, and wherein you ask for information as to the action to be taken.

The registration of the inhabitants of Alaska was had some time ago, and therefore if Cushing expects to return there after completing his education here, then his registration card should be sent to the Governor of Alaska for proper action. If Cushing expects to remain in the States, then his card should be turned over to the local board for appropriate action. The card is herewith returned for proper disposition.

Very truly yours,
(Signed) E. B. Meritt

Sir:

Paragraph 75 of the Draft Regulations provides that "Persons of the designated ages in Alaska, Porto Rico, and Hawaii will be registered on a day to be named by the President as soon as machinery of registration can be erected in those Territories and in accordance with so much of these regulations as is applicable to those Territories.

I am enclosing herewith the card of George Cushing with the request that the matter be taken up with the Provost Marshal's Office with the view of receiving definite instructions as to what we should do in the case of this young Indian boy as we have received no further instructions regarding the date of registration for Alaskan Indians.

Sincerely yours,

John F. Savage
