My dear Sir:

I enclose herewith for your information a copy of a letter that has just been addressed to General Pratt, to whom you had written after your son's misconduct was reported to you.

Referring to your letter of December the 4th I desire to state that I have thus far shielded your son from being punished under the Law for his offense, but whatever other action has to be taken will depend on what is desired by the Superintendent at whose Agency the check stolen by your son was drawn. Because Roland is merely a boy I am inclined to be lenient with him and will give him a chance to continue in school, believing that he has profited by his experience and that he will be honest and upright from this time on.

In view of the fact that the check was secured before it passed thru the local banks there has been no actual loss except that the party for whom it was intended has been

deprived of the use of the amount of money represented
by the check and will be until the matter can become properly
adjusted by the drawing of a duplicate check.

Assuring you that I will do what I can to assist
your boy to make a good record while he remains at Carlisle,
I remain,

Very truly yours,

Encl.

Oscar H. Lipps,
 Carlisle, Pa.

My Dear Sir:

Your letter of information dated Nov. 25th, 1914. in regard to my son Roland's misfortune which was a shock to my high hopes is hereby acknowledged. I am one of Carlisle's first student, that being about thirty-five years ago when it was first started under the supervision of Gen. R. H. Pratt, The Father of Carlisle Indian School, When he started it with few North American Indian Savages, When he first made the efforts to make a good Indian out of the bad Indian, When he taught the disobedient to obey and pointed out these facts that if the Indian is going to take his place as part of this great Nation he must be Law abiding. In this great work and the success on many of those principles is the base of Carlisle Indian School merits, And I think or at least I hope that all Gen. Pratt's successors have supported and carried out his policies and methods of making an Indian a useful citizen. I am proud to say that I have played my part on the Indian Education, and I have all these years been looking forward to some day be able to send my own children to that School to obtain therefrom the long hoped for Education for the Indian of the west. The success of Carlisle Indian School is the base of my pride on which I send my three youngest loved ones in your charge. I do not know how the Carlisle Indian School is now disciplined, If the Rules and Regulations by which the School is being governed are prescribed by the Indian Bureau or whether it all depend on the good

judgement and ability of the Superintendent and the employees of the School, therefore I am at sea in the case, I have but little to say, only to rely almost altogether upon your decision and to co-operate with you in the interest of the Child, my only appeal to you will be that you will show leniency on this as his first crime if he is the guilty, and give him another chance.

I am in hopes that the stolen \$ 2.36 will not be the cause of the shattering of all my ambition and hopes for my son's future.

I would gladly reimburse the looser of the money.

I wish to call your attention on the following matters :-

Roland wrote home about this matter, In the meantime he complains to having lost his share of money I send to each one of my children about that time, nothing has been done about it.

According to letters from the children, Roland is in company and in quarters with much older Boys than he is.

Please advise me of your decision.

I am at your service.

Respectfully,

Reginald Ostkosh
