Mr. M. Friedman Esq.

Carlisle, Penn.

Dear Sir,

It has been fifteen years since I left Carlisle and in all these years I can not recall of writing one word of encouragement to its students. By this I do not want any one to think that I have forgotten the school with its employees and students.

I often wish that I had the opportunity of the year and a half that I was at Carlisle before me again, what an increase in all its branches of education could now make.

When I look at my diploma and it tells me I am a graduate

of Carlisle I often wish I had never
been presented it. You will wonder
why I make this statement. But
there is a reason for it and which
I will explain. First I was not
at Carlisle long enough to gain
the highest mark in my studies
and a thorough knowledge of
my trade (a printer).

Second I did not utilize every
hour too hard study.

Just a few words to the 1913
class. Do not be a dreamer. Air
castles were never built to stand.
When you enter the Senior Class
make sure your foundation
is solid and then build to the
limit which is heaven, make
every minute of the year
never to be regreted.

To class 1912 it can be

Truthfully said that Carlisle has
given you one of the greatest
gifts of life. It has started you
right, and if continued will
spell you success for all with one
more crown for Dear Old Carlisle.

Although I can not boast
of success yet I have not given
up. Let the road be as long as it
may I know but that at the
end I may succeed.

I have always been pleased
with the good reports of past
graduates and hope hear as
good results if not better from
Class 1912. How I wish I
could be with you commensured
but it is impossible as I can
not spare the money. I have
a wife and three children and
it takes every dollar I can earn

to give them all the comforts
of a home. They are the pride
of my life and what a blessing
these youngsters are to us.

Wishing class 1912 every
success from now to eternity &
be to be remembered as an ex
student of Carlisle

Yours with respect
Louis Miskler
