INDORSEMENTS.

The laws relating to the transfer of Indian children from reservations and schools are as follows:

That hereafter no Indian child shall be sent from any Indian reservation to a school beyond the State or Territory in which said reservation is situated without the voluntary consent of the father or mother of such child if either of them is living, and if neither of them is living without the voluntary consent of the next of kin of such child. Such consent shall be made before the agent of the reservation, and he shall send to the Commissioner of Indian Affairs his certificate that such consent has been voluntarily given before such child shall be removed from such reservation. And it shall be unlawful for any Indian agent or other employee of the Government to induce, or seek to induce, by withholding rations or by other improper means, the parents or next of kin of any Indian to consent to the removal of any Indian child beyond the limits of any reservation. Provided, that hereafter no Indian child shall be taken from any school in any State or Territory to a school in any other State against its will or without the written consent of its parents. (29 Stats., p. 348.)

An Indian boy or girl 18 years old and over may, without the consent of parents or others, personally sign the application form on its being changed to suit the case.

This form is to be used only in transfers from reservations, or Indian schools, to nonreservation schools.

Suggestions for Supplying the Information Requested on this Blank.

1. The report of Non-reservation School Superintendents should be made at the time or a little before the pupil leaves school, whether at the end of the school year or during the year, provided the pupil is 18 years of age and over, or younger, if for any special reason the pupil is quitting school permanently. As soon as this report is received, or at least very soon after the pupil returns home, the Supervisor of Indian Employment will correspond with him, for the purpose of getting more in personal touch with the returned student, and finding out something about his wishes etc. The answer to this letter when received will be attached to and filed as part of this report.

2. Health, height, and weight of returned students are sometimes very essential in placing them properly, but height and weight could be approximated very satisfactorily, though from the pupil records now being gotten up, all information called for in part 1, of this blank, could readily be secured and be definite.

3. The State, Agency, and Tribe are important, and where the pupil is not attached to any agency, this fact should be stated as “no agency,” and in such cases the Superintendents should give all available information as to the home and local conditions surrounding the pupil.

4. Where the out-going pupil has passed the Civil Service Examination for any position, this fact should always be noted, giving position for which examination was taken.

5. It should be remembered that the Supervisor of Indian Employment can but seldom have a personal acquaintance with the out-going student, and that he must depend on the information furnished in this report for his basis of action in behalf of the pupil.

6. The degree of Indian blood should always be stated, as this fact largely determines the amount of efforts that will be made on behalf of any particular returned student: Qualifications being equal or even nearly so, the preference will be given to those having the greatest degree of Indian blood.

7. This report should be forwarded promptly to the Supervisor of Indian Employment, Denver, Colorado.

8. Reports on out-going students from Reservation Schools, are made only on pupils leaving the school who are 18 years old or over, and who will probably not go away to school.

9. If Part 1, of this report is made out by the Principal of the Reservation School, the Agent or Reservation Superintendent should supply information called for in Part 2, if the Principal has not the necessary information on home surroundings and local conditions. Information in regard to home surroundings and local conditions is very essential to properly understand the pupils' difficulties and needs.

10. When Part One is made out by Non-reservation Superintendents, this blank will be sent by the Supervisor of Indian Employment to the Agent or Superintendent of the Reservation, where the out-going student belongs, to have Part 2 filled out. This should be filled out and returned to the Supervisor of Indian Employment, Denver, Colorado, as promptly as possible, for, practically nothing can be done, till the receipt of this blank, with Part 2 filled out by the Reservation authorities. The information “Employed since return as follows,” will be valuable only in cases where the pupil has been home for some time.

Any general statement or wishes of patron or pupils, together with Agent's estimate of place, people, and pupil:

Mrs. Gibson's home is a beautiful one about 2 mi. out from 69th St. While Mrs. Gibson was not at home but her sister. If Mrs. Gibson is at all like her sister I should judge the home would be a very happy one for a girl. Ruth is very inquisitive but said she wasexemple. Thought she might like a transfer. True there is no other Indian girl near hers but her surroundings are so beautiful and her work not heavy. And then she had been there only since July 1st. There is really no reason why she should be transferred. I think she has decided to see all the sights and get better acquainted with Mrs. Gibson and her sister. When she does I think Ruth will like her home very much.

Replying to the letter which you addressed to Mr. Meyer on September the 19th, this is to advise that the entire balance to your credit in our school bank was forwarded to Superintendent Johnson at the Sac and Fox Agency on the 11th instant.

Dear Mr. Meyer—

As I suppose Mr. Friedman is busy I will ask you a favor. I wrote to him last week about my money. I will ask you to transfer my money to the agency and at the same time to make a check out for $36.50 as I must pay that debt.
The end of this month I send it directly to me. I owe the money to Bushino Trading Co. for cloth. So if you do this favor for me I would thank in advance.

My brother and his wife are getting better. Both have been very sick in bed. Hoping every body at Carlisle is well.

Very truly,

My dear Madam:

Referring to your letter of December the 4th, I have to advise that Ruth Moore was called to her home early in September of this year on account of illness in her brother's family at Cushing, Okla. Since that time we have not heard from her.

I would suggest that you address her at Cushing, Oklahoma, or in care of Superintendent Johnson of the Sac and Fox Agency at Stroud, Oklahoma.

Dear Sir:-

Will you be so kind as to tell me where Ruth More is. The last letter I wrote her at Carlisle was sent to Gushing. Else there she was not marked unclaimed. She used to go to school to me and I thought a great deal of her and would like to learn of her whereabouts.

Miss Ruth Moore,
112 West Second Street,
Oklahoma City, Oklahoma.

My dear Friend:

I have received your letter of the 19th instant and have noted that you would like to return to Carlisle next fall to resume your studies with a view of completing the course of work here.

Undoubtedly you have noticed in the ARROW that a new course of work is being put into effect. For that reason we will not graduate a class this year and that would require you to do additional work too before a diploma could be given you.

Your letter was referred to our Principal Teacher, Mr. DeHuff, and I am having copied below for your information his report:

"We could not guarantee her admission to the 1917 class. When she left here, she had just finished the first half of Grade VII. If she has been in school since that time, we could arrange to give her credit for what she has done. If not, we could admit her to Grade VIII, or Second Year Vocational class. Ordinarily, it would take her three years to get her diploma."
which would throw her into the class of 1919. This is the best I can say, owing to meager knowledge of all the facts in the premises."

Special authority would have to be secured from the Office at Washington to admit you again to Carlisle because of your age, but if you desire to resume your studies it can be arranged to enroll you. Under a separate cover I am having a copy of our school catalogue mailed to you which contains information about the work now required. On pages 39 to 51, inclusive, you will find an outline of the work that must be completed for graduation.

Hoping I can be of further service, I remain,

Very truly yours,

Superintendent.

We could not guarantee her admission to the 1917 class. When she left here, she had just finished the first half of Grade VII. If she has been in school since that time, we could arrange to give her credit for what she has done. If not, we could admit her to Grade VIII, or Second Year Vocational class. Ordinarily, it would take her three years to get her diploma, which would throw her into the class of 1919. This is the best I can say, owing to meager knowledge of all the facts in the premises.

Dear Sir,

Indeed you will find the monthly report of Sadie, Ingalls and Ruth Moore whose first month with me was completed July 25th. Also there are checks for their wages, one-quarter of which I gave them as the
She has been impertinent to me a number of times and is altogether unpleasant to have around. Sabie's conduct varies but she is usually disagreeable and has been impertinent. They are both absolutely indifferent as to whether they please me or not. Two days ago Sabie asked directly after luncheon whether she could go to mail a letter before bringing her afternoon work. The post office is about fifteen minutes walk from our home and she should have been back in half an hour. She started away a little after two o'clock never returning until six. When I inquired where she had been all that time her reply was that she had met one of the girls.
I have been very much annoyed by their snarky and disagreeable natures, especially Mrs. H. who is the most ill-natured girl I have ever had. When a request is made she does not even answer but goes about her work as though she hated it. I consider her behavior insincere as does Mr. Douglas.
yesterday I came to see her. At four-thirty she left
the house with this friend
without asking permission
or speaking to me about
going and I did not return
until after six. As a consequence
we were kept waiting for the

is exhausted and I should like to
have the girls return to the school
as soon as possible.

Hoping to receive an early reply
from you and that Miss Johnston
will come for the girls in a few
days.

Very truly,

The girls lost a great deal of time to themselves often going to their rooms immediately after the lunch dishes had been put away about two o'clock, not having anything more required of them until it is time to prepare the supper. They always have two hours to themselves in the afternoon, that is with one or two exceptions, when there was

Mr. M. Friedman,
Superintendent
Dept. Indian School
Carlisle, Pa.

Dear Mr. Friedman:

Ruth Moore will return to Carlisle on Thursday, Aug. 7th, leaving Phila. at 11:30 A.M.

Ruth is returning with a bad report. You will have Mrs. Douglas's letter. I did not see Ruth but met Mrs. Douglas at the station. As I understand the situation and believe it to be the truth, Ruth has been exceedingly negligent, doing very little except helping with the mending, will take no responsibility whatsoever. Her work was to care for the children but she pays no attention to them, stands or sits idly gazing around the room, is impolite and rude in her replies, remains away for hours when she goes to mail a letter, seems to want to misquote in every way so she will be sent back. Now I know Ruth can be all of this if she wants to be. True dam am aware that her disposition is me not qualified for her present home, but she wanted this her last chance on the outing. Well, she has had it as I believe she expects to go home in the fall. This morning was still behind Ruth had not come down. Mrs. Douglas has put up with her indifference long enough and I have no other home for her so she will have to return. I'll be at Broad St. to see she gets on the train all right.
Mr. Douglass feels sad as the nature will assert itself of Ruth is out of the way. I am arranging to have Christine Moften take Ruth's place.

Another item about Ruth, she is not contented unless she is going somewhere and spending money. She has no idea of the value of money or time nor does she care to learn. Simply wants to eat and spend the money.

At Carlisle where they are not started with the use of light, water, heat or anything else they have no idea of economy and don't like to be cautioned about these things in the country.

Very respectfully,

Lida M. Johnston
Shawnee, Okla.

Dear Mr. Friedman:

While at leisure for
few minutes I will write
to let you know how I
am. I had a safe journey
but poorly I say that
I found my brother and
wife very sick in bed.

My brother is very help-
less but since I've been
home the cousins of
ours say his been
much brighter and he ate a hearty meal. The first meal I had him to. Is it true he's getting better every day. He's more tired to ask if you please send all my money to the agency as I need it very much to help my brother. At first I was going to send him to the hospital but he thinks we will be all right soon and will be well as far as I will not stay home.
long. I expect to start to school again in October. Thanking you in advance.

Yours Truly,

Ruth Moore.
