Respectfully forwarded to the
Com^d of Indⁿ Affairs. The
Chippewas are one of the very
few tribes East of the Rocky
Mountains not represented
here. It seems from the
last Indⁿ Office Report that
less than 25% of their children
are in schools. (Day Schools)

Capt Pratt,

Sir -

I am frequently asked if an opportunity can be had, to have children sent to your school?

There are some very bright young Chippewas whose parents have not the means, or opportunity, to send them to schools to fit them for the plane of life, they might reach if suitable facilities could be afforded them for more ample education -

Please inform if any more room can be found at your school - and what are the terms & conditions upon which they are admitted

I am Sir, Very

Respectfully

Geo. W. Lee
U.S. Indian Agent
