Thomas T. Smith
Acting Commissioner of the Indian Affairs,
Washington D. C.

Sir:

I wrote to the Commissioner of the Indian Affairs about a year ago and I got that letter answered by you, which you said in the letter that I am not yet of age to receive my annuity money. But I ask it again to send all that I claimed in the treasury to send to me. because I am going home in this summer to select a land for myself. then I am going to build a house on it and then the fence around, then I am going to get somebody to farm it.

9
This is what I want the money
for. Please, will you send them
it to me before June.

If any of it left over I will put
in the interest here in town at the
rate of 6%.

Well, as soon as I get ready at home
I will come back to this school
again and stay until I finish
the course here. then I think I am
going to take a higher school.

Please send to me soon.

Respectfully
Chester Smith

P.S.

I am the wife of Osage.
My father die about six years ago.
