My dear Sir

My Brother Jonathan
Fleming has had a daughter
in training School for Indian
children at Carlisle P. a
Col. R. W. Pratt Supt of the
School. Mr Fleming has
been always understanding
that you have some power
over the School and he asks
you to discharge of his daughter
from that School at once
Her name is Lucy Fleming
She was 16 years of age

1081
8 JUL 1881

She has been there in six
months and she wrote it -
to her father in often that -
she she is very anxious to
leave the school and come back
home she thinks that she can
have more study here
than where she is now
because she has most the
time that she is working
on ^{the} studies of her books
and I hope that you would
do the best all you can for us

yours very Respectfully
