Sir:-

I have before me your letter of Mar 25. to Peter Cole "Education Schools 96391-1910 + 22902-1911 R. H. H. Request to leave school" and will say that Nancy Connors' mother is very sick and may not recover + she wants her child home at once. Some time since Mr Char Ft Perice Supervisor of U.S. Indian Schools was here and gave me permission to use his name in asking for her return and the girl's mother was then not as sick as she is now.

I think this is a case where the favor should be granted + trust you will see your way to let-
Esch

her come home at once as I know these people and from careful inquiry from the neighbors I am satisfied that the father Mitchell Connor has truthfully stated the facts of his wife's condition to me.

Thanking you for an early reply, I am,

Yours very truly

Mr. Peter Cole,
Hogansburg, New York.

Sir:

The Office has your letter of March 13, 1911, renewing your request that Nancy Connors, daughter of Mitchell Connors, be permitted to return to her home from the Carlisle Indian School. It is thought there is not sufficient ground for any departure from the decision of the Office, of which you were advised by letter to you of January 11. This girl's term of enrollment will end in June of this year and as it will be for her benefit to remain at the school, it is thought that her parents should be able to dispense with her services until the termination of her enrollment.

Respectfully,

(Signed) C. F. Hauke,
Second Assistant Commissioner.

Mr. Peter Cole,
Hogansburg, New York.

Sir:

In further response to your letter of December 5, requesting that Nancy Connors be released from the Carlisle Indian School, you are advised that her term of enrollment will end in June 1911.

This student has been afflicted with trachoma, but has received and is now receiving medical treatment therefor. She is well cared for at the home where she now resides and will probably be able to resume her school work in a short time. Therefore it is thought that it will not be for her benefit to release her until completion of her term.

Respectfully,

(Signed) F. H. Abbott
Assistant Commissioner.

December 14th, 1910.

Release from school.

The Honorable,
Commissioner of Indian Affairs,
Washington, D. C.

Sir:

Referring to Office letter of December 13th and the contents of the request submitted with it, this is to report that Nancy Conners was returned to school from her country home the latter part of November, in order that she could be given treatment for trachoma. After an operation and after two weeks of treatment in the school hospital, she was again allowed to go back to her home in the country. This was not allowed until assurance was received from her patron that treatment would be given Nancy at regular stated intervals. For the present the girl can not attend public school, but she should be able to do so within a reasonable length of time.

Our records indicate that Nancy's period of enrollment will terminate at the close of school in June of 1911, and as the girl is receiving valuable training

at the home where she now resides, and as she has never expressed herself desirous of returning to her home, it is believed that the father's request for her return should not be granted him.

Mr. Cole's letter is being returned herewith.

Very respectfully,

Encl.

HKM.

Harvey K. Meyer
Clerk to the Supt.
