Dear friend:-

It is my purpose before long to issue an Outing number of the Arrow and Red Man. Among other facts concerning the outing, I want very much to publish some expression from the graduates and ex-students as to what the outing meant to them.

I understand that you were one of General Pratt's Apache boys who had a good deal of outing experience. Would you be willing to write me a letter giving some interesting facts about your Carlisle outing and naming any special benefits which you derived from it, especially those benefits which have helped you in making a living.

If you can do this, I will be glad to hear from you soon. With my best wishes to you, I am

Very truly yours

Superintendent.

Dear friend Jason:

Your letter of the 21st instant just at hand.

Regarding the photographs you mention in your letter, we were not able to find them among the old plates. I am sorry but it was hardly reasonable to expect to find the negatives of such old pictures, especially so since the same photographer who took them is dead and his belongings sold to different parties.

I am glad you had a nice time while East. It does one good to see old friends and talk over old times. You will have many things to think about for several years to come now. I wish you could attend our next Commencement. We hope to have a number of old students here.

With best wishes, I am,

Your friend,

Dear friend:- I wrote you on the 9th of January asking you if you would be willing to write a few words on your outing experience while at Carlisle and what it has meant to you in later life. I have had no reply to this letter. I would like especially well to have a letter from you as I understand you had considerable experience under the outing and have used this experience to your advantage since you left Carlisle. I expect to get this Arrow out next month. Can you not write a few words ?

Wishing you continued success, I am

Very truly yours
