Mr. Wallace Miller
Macy, Nebraska.
Dear friend:-

It has often been said that students at various schools who have made any special reputation as athletes, seldom amount to anything after they leave school. To show that this is not true as far as the students of Carlisle are concerned anyway, I have prepared an article, to be illustrated, on the splendid success of some of our prominent graduates and ex-students who while at Carlisle were conspicuous in athletics.

This article is to be published in our school magazine, the Red Man and afterwards in pamphlet form for general distribution. I am waiting now for some suitable photographs to use with the article.

I understand you are one of our successful farmers and I want to ask that you get me a photo of your home, other buildings on your place and a part of your farm and possibly some of your stock. You might be able to get a panoramic view. I will be glad to send you check to pay for the picture when I get it. Trusting that you and your wife may be able to help me,
I am, Very truly yours

NRD

Superintendent.

DEPARTMENT OF THE INTERIOR,
UNITED STATES INDIAN SERVICE,

Handwritten note: Mr. [Name]

April 10, 1910

Dear Sir:
I have the honor to acknowledge the receipt of your letter of the 4th inst. in relation to the proposed extension of the term of office of the members of the Board of Indian Commissioners.

The Board of Indian Commissioners was organized in 1824, and has since that time been engaged in the study and report upon the condition of the Indian population of this country. The Board has been a valuable agency in the hands of the Government, and its reports have been of great service to the public. It is the policy of the Government to continue the Board in its present form, and to extend the term of office of its members for a period of five years.

The Board of Indian Commissioners is a body of five members, appointed by the President, and its term of office is for five years. The Board is authorized to make such investigations and reports as may be necessary to enable the Government to carry out its policy towards the Indian population of this country.

I understand you are one of our successful business men, and I trust in our country you will be able to do much for the Indian population. You will be glad to hear that the Government is interested in the welfare of the Indian population, and is determined to carry out its policy towards them. I will be glad to send you more information regarding the work of the Board of Indian Commissioners, and I will be glad to hear from you again.

I am, very truly yours,
[Signature]
