.....

9. Tell me anything else of interest connected with your life:

Since leaving school I have been all over the United States looking for something better than farming but I found that if I did not farm I would be working for some one all the time.

So I came home and settle down and started to clear my land. I am now just getting where I can get some returns for the work I put on my place. We have had poor crop for three years on account of dryness. This year it looks better so far and I hope to have something to put away.

I have two boys and one baby girl in the family. every one of us is in good health.

Yours respectfully
Sherman Coulson
