

U. S.

Indian Industrial School,

Carlisle, Pa., June 5th 1884

My dear friend-

I have written to Mr Sinclair. Over \$12,000 has been sent in or subscribed including the payment last year. The cause is worth much more than is asked for its support and the balance of nearly \$8,000.00 will surely come.

We start about seventy-five pupils home on the 17th. The two most interesting points to which we send will be the Osage Agency Indⁿ Ly, and the Pueblos U.M. It will take a month to make the two or we can stop and have a little work among the tribes in the Ly, and be home in 14 to 16 days. It would be valuable to visit New Mexico, and if you can spare the time you will be greatly interested.

It would be best for you to come over Monday P.M. the 16th. Let me know as early as possible that I may arrange papers.

Dr. C. Ritzgrew

Cordially & faithfully Yrs. R. H. Pratt
