

U. S.

Indian Industrial School,

Carlisle, Pa., June 9th 1884

My dear friend -

I have not your determination about the western trip. You may not have arranged by receipt of this. If so, I hear that Mr. Blaine is to be here to lay the corner stone or something of that kind for a building for Dickinson College the funds for which are provided by Mrs. James Bosler widow of Mr. Blaine's old friend. I was absent when Mr. Blaine visited Carlisle on the occasion of Mr. Bosler's funeral and would now especially like to be here, though it is by no means necessary. The time fixed is the 26th of June. If we wait at any time after that and before the 1st of Sept. it would serve my purpose as well. If you have arranged it is not important enough to change the plan. Very cordially
D. C. R. Agnew) R. H. Pratt

I think the work will go forward under Mr. Blaine.
