

U. S

Indian Industrial School,

Carlisle, Pa., July 2^d 1884

My dear friend -

I saw your nomination and was pleased that your interest led you to take a place where you can gather in the situation better and do more for the cause. I am sorry there is so little scope of authority, but you can do good and no other incentive would lead you to take it.

There is no salary, no travel expenses, almost no thank you sir, from the Govt, for any gratuitous service performed. The duties you can best learn from some of the members. Genl. Fiske, Col W^m McMichael (I think 287 Bway), Genl. Lyon, or Albert K Smiley Lake Mohawk, McMichael & Smiley are both on our Carlisle Bd. You ought to see the Indians a good deal. At least enough to become thoroughly disgusted with ration, reservation, tribal, segregating systems and to see that they should be ended somehow. If you go to a few agencies with me I think much may be done to put you on the right track the

first book.

3 July I have been unable to determine anything because the Ind. App. Bill was not passed. Now that it is through I can go ahead. I have authority to bring in 150 pupils and can cover our expenses from my Carlisle fund. You can aid me greatly.

I go to Washⁿ today and can tell you better of time place &c in a day or so.

Cordially yours

R. H. Peabody
