

Indian Industrial School,

Carlisle, Pa.,

March 27<sup>th</sup> 1886

My dear friend -

The battle went  
against me in the House  
and I was voted out of the  
Bill where I have had  
place four years.

You see how it is. Mr  
Oberly the Supt. of Schools  
early announced that  
"the policy of this Administra-  
tion will be in favor of  
Agency and reservation  
schools, and against  
schools off the reserves."

And at Mohonk he told  
Dr. Gates of Rutgers and

Genl. Fisk that he intended  
to have my scalp.

I am to be at the meeting  
in Association Hall on Friday  
evening, the 2<sup>nd</sup> Apr. and  
speak. Mrs. Ball goes  
over with me and we  
are to be the guests of Mr  
& Mrs. Rupel Sage.

I shall go ahead and  
do what my hand finds to  
do to the end, and have  
no qualms about being buried  
in the grave of Indian Ed-  
off Indians reservations.

If the school is broken  
up, the Trustees can return the  
\$5000<sup>00</sup> gift of Mrs. Osgood. The  
farm debt is all paid.

With love, Faithfully Yours  
D. Agnew } R. H. Ball

I am to be at the meeting in Association Hall on Friday evening, the 2<sup>nd</sup> Apr, and speak. Mrs. Pratt goes over with me and we are to be the guests of Mr & Mrs. Russel Sage.

I shall go ahead and do what my hand finds to do to the end, and have no qualms about being buried in the grave of Indian Edn [*Education*] off Indian reservations.

If the school is broken up, the Trustees can return the \$5,000.00 gift of Mrs. Osgood. The farm debt is all paid.

With love, faithfully yours,
