My dear Friend -

I've been under the weather with a bilious attack & so off duty as to do no writing. Before your suggestion I had two Quakers on my list to consider. I placed Nellie's name first and have just written her. I start out Wed. or Thurs. to settle it. I'll come to Hill Creek for a night. Say Wed. unless notified not to by you. If Miss. Agnew declines then I'll go for the Quakers. I quite agree with you that she can fill the place, and will grow under it. I shall be fortunate indeed to get such a mother for the girls. Yours affectionately R. B. Paul
