My dear Friend

I find if I wd  
accomplish what I desire  
in the way of securing an  
appropriation for a school  
building and have this  
year I must move on the  
Appropriation Committee at  
once. They meet on Tuesday  
at 11 o'clock to take up  
the Indian Bill, and I  
am getting out plan and  
estimate so as to go down  
Monday and secure the  
action of the Secretary &  
Com<sup>r</sup> and go before the  
Com. This compels me to  
forego the honor and great  
pleasure your most cordial

invitation offers.

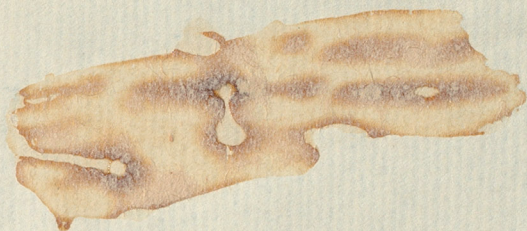

Thank you dear Doctor

Faithfully & affectionately
