Professor Charles F. Himes
Carlisle, Pa.

My dear Mr. Himes:-

I have your letter of the 9th inst asking about a photograph of an Arickaree Chief which you have and have to say that our old Album shows this same photograph, a chief with three feathers in his hair, holding a rod with a scalp dangling therefrom in one hand and an eagle wing fan in the other hand. The name of this old man is "Son of the Star". If you wish, you can bring the photograph out to the school and compare it with the one I have just described.

Very truly yours

O. H. Lipps
Superintendent.
