WASHINGTON,

J. T. McGillycuddy

Indian Agent

Pine Ridge Agency, Dak.

Sir:

Replying to your communication of the 30th ult. relative to sending another company of children from your agency to the school at Carlisle, I have to say that I do not consider it best, at present, to take any steps in that direction, the quota from other agencies having been increased so as to make the whole number of pupils equal to the original estimate.

Yours respectfully

W. A. R. Knight
Commissioner
