Dear Sir

I just returned last night from Chicago where I delivered Four bright Menominee Indian Boys to Agent Cressy. Two of them intended for your school and two for Carlisle school.

Your letter of 30th informing me of the transfer from Carlisle to Hampton of Chas Shamin and Michael Oskkenamew is an agreeable surprise. Though it will be a great disappointment to the two boys that have just started for there, as they counted on and made calculations to be with their comrades. I do not think the boys would have went to Carlisle or their parents consented to their going if it were not for the two other boys being there. Can you not possibly have the two that have just started to Carlisle transferred to Hampton. So they will be all together. Their names are Moses Nonway

and Joseph Wishecopy. Seems to me
you might correspond with Capt Pratt
and get it accomplished.

Please make a mighty effort and we
will all feel grateful.

Very Respectfully
E. Stephens
U.S. Indian agent.
