To The

Hon. Commissioner of Ind Affairs.

Washington D.C.

"Sir"

I would suggest that Mr. Standing's long acquaintance with the Indians of the Kiowa and Comanche Agency, in the capacity of teacher, renders his present visit under your telegraphic order of to day a suitable occasion for the Dept to secure from that Agency as many of the most suitable pupils as the Dept. might allow.

In a recent personal letter from Agent Hunt he asked when I could take more children! In this connexion, I would invite your attention to my letter of the 24th inst. in regard to age, the eyes and rigid medical examination

Very Respectfully

Your Obedient Servant
