To the Hon. Com^r of Indian Affairs
S^r.

The enclosed letter is one of applications, made to me by Indian parents for assistance to obtain an Education for their children - I was at Sagaming when this John the dance going by resides, he was then very anxious I should tell him when he could get his daughter into a good school - I mentioned the Indian School at Carlisle Pa. and gave him one of the little papers they publish there, to day he sends me this letter to forward to Capt. Pratt. I therefore send to you as I suppose the school is under

the control of the Indian Bureau

I have many like applications
but suppose it is quite difficult
to get admission at this time -

Please inform me in
regard to the prospect of the
admission of any, and what are
the conditions - age &c., of those
who are allowed to be admitted,

I am very respectfully,

Geo. W. Lee

Capt. R. H. Pratt,

Dear Sir, I have heard from
our Indian Agent - Gen. about your "school for
Indian children." My daughter Jane, is very anxious
to get an education. She is nearly sixteen years of age.
Can you find place for her in your school? we
would be so thankful to you if you could, but one
thing, trouble me, I am very poor we have no money to
pay her fare

Respectfully,

John, Radahgegonaby,
