INDIAN OFFICE

Inclos: No. /

1881

OFFICE OF

The Rocky Mountain Presbyterian,

No. 216 Colfax Avenue,

DENVER, COLORADO.

To Mining Companies, Miners and others.

Each season thousands of tourists visit Denver and the Springs, that do not reach the mining sections.

Thousands reach Colorado, that do not extend their visit to the other Territories.

That these visitors may have an opportunity of seeing an extensive and classified assortment of Ores, and thus forming an intelligent judgment of the vast resources of the Mountains; and that the miners at the more distant camps may have an equal opportunity with those whose mines are more accessible, of placing their Ores on exhibition, and thus calling to them the attention of the public, an effort is being made to collect samples from all the Territories, and place them on *Free Exhibition* in the Cabinet at this Office.

To make this collection as complete as possible, samples of Ores duly labeled, Geological Specimens, Fossils, Petrifications, Indian Relics, Photographs of Mountain Scenery, and Curiosities of all kinds are solicited.
