INSTRUCTIONS TO TEACHERS AND AGENTS.—The principal of each school must prepare this report in duplicate at the close of each month. It must embrace all the data for which spaces are provided. The following certificate must then be signed, and the copies handed to the Agent, who will forward one to the Commissioner of Indian Affairs. During vacation or the temporary suspension of a school, the report, stating such condition, should be made and forwarded each month, as well as when the school is in actual operation.

REMARKS.

[Under the head of Remarks should be stated additional facts similar to those called for on preceding page, and whatever else can practically illustrate the condition and growth of the school, and the public sentiment of the tribes concerning it. Brief, practical, and well-considered suggestions for the increase of its efficiency are invited.]

The general health of the school has been excellent. Arrangements were satisfactorily made for fifty-three children to remain out during the winter, living with and being treated as members of families, and attending the district schools with white children.

The addition of steam heat in some of the school buildings proves satisfactory. During the month I proceeded to the Navajo Agency, Arizona and brought eleven boys and two girls, and two girls and one boy from the Pueblo Agency, New Mexico. Two Ottawa girls also joined me, by order of Dept. at Kansas City.

With energetic management, the Navajos would respond to educational demands. I found it impossible to be absent, and have entrusted the bringing of Sioux children to one of my teachers, and Rev. Mr. Robinson, missionary at Pine Ridge. The teacher left on the 30th.

CERTIFICATE OF TEACHER.
