Hon. St. Pice

Com<sup>r</sup> of Ind<sup>n</sup> Affs.

Dear Sir.

Mr. Hall is a most devoted, worthy and unselfish friend to the Indians.

It seems important that the man appointed to such a responsible place as the superintendance of the Fort Stevenson School will be should not be subject to the changes and caprices of agents.

Very truly yours

R. H. Pratt

BERTHOLD MISSION.

C. L. HALL, Missionary.

Fr. Berthold, D. T., June 25<sup>th</sup> 1883.

Capt R. A. Bate U.S.A.

Dear Friend:—

We have every ground  
to believe that soon we shall lose  
The Steamer Dak, for an Industrial  
School but some in Bismarck &  
above are opposing the abandonment,  
by some influence at the War Dept, &  
may delay our work, Give us  
a lift if you can.

Then I have presented the name  
of a Mr W. W. Wheeler who has  
had six years experience as Principal  
School Dept at Menominee Agency  
Wis, who can be got if they  
put him in at once.

The Agent here & the Am Miss

Society send the man, You do not know him, but you know something of me, & you can say something in my behalf so as to secure a good man a place by appt, direct from the Dpt, so that he cannot be ousted as standing was at Yorktown by -

It is necessary to have one man in at once to get ready for fall work,

I shall have no official connection with the school but hope to do religious work there & to keep it under good religious influence.

Perhaps you can tell the Comm, or Sec of Interin that you know my motives to be in no way selfish in this matter &c.

I hope your family are all well, & the school prospering according to your hopes.

Your Friend  
L. L. Hall
