To H. P. Price

Thanks for thy reply of 12th inst,
but "The enclosed circular" was omitted from
the enclosure, and for which I will be obliged
if convenient to send Reply
Thos. James. Ch

P.S. Since writing on the 11th Inst I have received
information from Et. Dem. also Agent of the return of a
female pupil from Carlisle School to that place who
arriving at 12 o'clk. at night at the Station, was in-
feriously assaulted by the telegraph operator, - Our
Correspondent T. M. Krossier (late Trader) further states
that he or they will have him dismissed from his
position - But - is there not something possibly
for the U. S. authorities to do towards securing a
proper respect for a refined and intelligent Indⁿ Girl
under such circumstances. I merely query, not expect-
ing a reply -
