Indian Industrial School,

Carlisle, Pa., June 3rd 1885

To the Honorable
The Com^r of Indⁿ Affairs
Washington D.C.

Sir.

I enclose herewith copy of a letter from the Representative of the Bureau of Education at the New Orleans Exposition informing me that the representative of the French Government asks as part or the whole of our Carlisle School Exhibit as a donation to the Educational material of that Country, and that Genl. Eaton U.S. Com^r of Education warmly endorses his request.

A list of our exhibit is also inclosed. It was my intention to bring the exhibit to Carlisle and set it up for the information of our many visitors. We can easily duplicate it, and the high commendation the request implies, makes me very willing to place the whole or such part of the exhibit as he may elect to take, at the disposal of the French Commissioner, should the Department

deem it advisable.

In case the donation is made I should have such authority from the Honorable Secretary as will cover me in dropping from my property returns that portion of the exhibit I am there responsible for.

Very respectfully
Your obedient servant
R.H. Pratt
Capt. & Supt.

Dear Sir:

The representative of the French Government here is endeavoring to complete the collection of educational material which the School authorities of that Country have already made. In the course of his investigations as to what might prove both advantageous and available for introduction in his own Country he has been struck with the exhibit of the Indian School at Carlisle and would like to secure from it photos + specimens of pupils work.

He has expressed to Gen. Eaton, U. S. Commissioner of Education, the hope that you might be willing to donate your valuable exhibit, or a portion of it, and that gentleman warmly indorses his request.

Soliciting the favor of an early reply, I have the honor to remain

Very respectfully yours

(signed) Lyndon A. Smith

Representative
