To the Hon.

The Commr. of Indian Affairs,
Washington, D.C.

Sir:-

Amos Lone Hill, one of our Sioux students, who has been with us from the beginning, and has acquired more skill in the Wood working Department of our Wagon shop than any other student we have had, and who returns to his Agency early in July, is anxious to take home with him one of our Spring Wagons, - the wood work of which was made by himself, - being solicited thereto by his father - Dr. M. Gillicuddy intends to give him employment in the repair shop at the Agency as soon as he returns -

He has been so faithful in

every way, that I will be glad to favor him. He has saved about \$70.00 and offers to pay what he has and the balance of our price (\$90.00) hereafter. I am very willing and it would be an excellent incentive to let him have one of our wagons at sixty-five dollars (\$65.00), and if it came from your office in the shape of a commendatory letter, of which I could furnish him a copy, it would be strength to him and to others.

Very respectfully,
Your Obedt. Servt.
