Dear Sir,

I have been here at work for two days getting children from these bad Cheyennes. Have been the guest of Rev. J. C. Stanny. He shows me letters from the office in relation to a school building. Mr. Atkins was here and knows the particulars. I only write to ask your aid in pushing the matter.

Mr. Stanny has done a great work, and a dangerous, and if he is sustained, will have about all the Cheyenne and Arapahoe youth in this vicinity under instruction this winter.

Help him to get his building if you can.

Very respectfully
R. H. Pratt Capt. Supt.
