Hon. Com. of Ind. Affairs,
Washington D.C.

Dear Sir;

My sister Laura
Good Nation attending school
at Carlisle Pa is reported
by the Physician of the school
(Dr. Given) as being sick
and inclined to, or already
affected with consumption.

Our people often die of
that disease and generally
keep up pretty well until the
last and then die suddenly.

For this reason I re-
spectfully request that you
investigate my sisters case
and if found as reported you

will greatly oblige her, her
relatives & friends, by sending
her home at once.

Very respectfully yrs
Robert Munfins
J. W. C.
