, 1887.

Hon. J. D. C. Atkins,
Commissioner,

Sir,

Enclosed please find copy of letter to Capt. Reatt of Corliss which explains itself. I find an opinion here the influence of Chief Baylyle is necessary to enable me to get scholars, & he has promised to do all he can to send pupils to Haskell, & his oldest daughter, without conditions; & he will send two other daughters as soon as his son returns. I have promised to do all in my power in his behalf. If consistent I desire that Capt. Reatt shall be asked to send home Lewis Baylyle to his sick father - Chief.

Very Respectfully,
C. Robinson,

- Capt. Haskell, at
Lawrence, Kan -

Capt. R. Peattie

Supt. Carlisle School.

Dear Sir,

On my visit to this agency I find Chief Baptiste Baye sick & unable to attend to his stock & other matters. He very much desires the return of his son, who is at Carlisle, on account of his sickness, & I promised to write you in his interest. On account of the influential position of this Chief & from the fact that his son's term will be out this year, I think it would be a commendable act to gratify his wishes. In fact he says if this request shall be granted his other children will be sent abroad for their education, two of them - as soon as his son shall return -

With best wishes I am, Very Truly Yours,

G. Robinson, Supt. of Fort Hall
Laramie, Wyo.
