Indian Industrial School,

Carlisle, Pa., April 18, 1887.

To the Honorable,

The Comm'r of Ind. Aff'rs,

Washington, D. C.,

Sir:

I enclose to you a letter from my School Physician in reference to Esther Metoxen and her sister. I am satisfied that it is important Esther go home at once, or else she will be bedfast and unable. It is essential that she have an escort and her sister serves well for that purpose. Under these circumstances I ~~am urged to~~ send her and ask that my action be confirmed, and that the necessary expenses including transportation from Carlisle to De Pere, Wisconsin be authorized.

Very truly *respectfully*

Your Obedient Servant,

R. H. Peall

Sir:

Esther Metoxen a pupil of this School from Green Bay Agency Wis. has been in poor health for some time and the indications are that she will go down with consumption.

She has an older sister in the School who is not strong and evidently possesses the same tendency which is no doubt a family predisposition.

I have intended to recommend that they both be sent home at the close of this school term.

The younger ones condition is such that I think it best to urge that they go as soon as arrangements can be made for their transfer.

Respt.
