My dear Mr. Belt,

It may be the Dept. can use Dr. Cundall. I can endorse him thoroughly. He represents all and more than he says. The more such men we can have in the Indian School Service the better. He understands the question and has the broad views so necessary to success now.

I send you a photograph of our graduating class this year.

Yours sincerely

Dear Capt Pratt:

I write you partly for information, and partly for advice. — I wish to return to the Indian work in Govt service, but do not know the line through wh. Application should be made. Politically I am by heredity a Republican but an educator, not a politician. And I would not care to compromise my Manhood to secure any place. I love the Indian work. have adaptations for it, have been successful in it, and I know can

Can make myself useful
and efficient in a position
requiring judgment - and
responsibility. I have this
record. Grad. Amherst College '51
Andover Sem '54. Four years Co
Supt. Fowdu Sac Co Mis. - Supt State
Soldiers Orphan Home, Madison three
years, Member Faculty Washington
University St Louis, - 12 years -
then put in Charge Worcester
Academy. A Comy. Missionary
enterprise at Vinita, Cherokee
Nation Ind Ter, three years when
I broke down from over work -
I suffering from that terrible
disease "Diabetes", retreated
northward, - was immediately
appointed financial Aegt of
Ripon College, then transferred to
the Faculty of Instruction and made

City Supt² of Schools. I have recently removed to this City where I have two sons in business. - Having been steadily in practical educational work in the School room Management for some 25 Years, I will not be likely to be happy unless in the harness entirely.

Mrs. C. is an experienced Teacher a graduate of Mt Holyoke Fem Sem, So. Hadley, Mass. -

Dan, Fannie, a graduate of Western Fem Sem, Oxford, Ohio, was a Missionary, (Pres. Board) at Beirut, Syria at 20 Yrs of Age, for five Years. Since Preceptors of Ripon College I would accompany us if desired. While, a second daughter, also

from Oxford, is ready for
any department of teaching
from Kindery up to Drawing,
Music, Eury or Classics —
This much gratuitous —

I know nothing about the
grades or divisions of the Gov't
Indian Work, either on or
off Indian ground. — Please
advise me. I don't want to
make a fool of myself simply
because I have a chance —
but would be glad in a
proper work to make my
life till —

Pardon the liberty I take
I be assured I will be glad
to reciprocate in any possible
way — Most heartily Yours
Isaac N. Cunnell,
