Dear Sir

I have the Honor to reply to yours on  
Education (18804)/89 informing this office  
that an agent from the Carlisle school will  
be at this agency to collect Indian children  
for said school - I will assure you that  
I will use every endeavor to secure all  
the children possible and the agent of the  
school shall have my full assistance  
when he arrives here and I think quite  
a number of children can be secured
