Sir:

I have the honor in referring to dept letter dated Oct 25th 1889. relative to Flan bean children attending Carlisle school. to report that immediately upon receipt of said letter I came here and called on the children's parents at their homes yesterday and have had a talk with them today. I find them very reluctant to send their children so far away from home, and could get them to consent to send but (9) nine to Carlisle. viz Solomon Wokeman, John Wokeman, Moses Cloud, Joseph Cloud, Lehas Hillers, Eli Allen, Louis Carrow, David Flambois and Jos. Flambois. Age 16, 10, 12, 10, 16, 18, 21, 24, 16

Sir:

I have the honor in referring to dept letter dated Oct 20th 1889. relative to Flemish children attending Carlisle school. to report that immediately upon receipt of said letter, I came here and called on the children's parents at their homes yesterday and have had a talk with them today. I find them very reluctant to send their children so far away from home, and could get them to consent to send but (9) nine to Carlisle. viz Solomon Wakeman, John Wakeman, Moses Cloud, Joseph Cloud, Lehas Hillers, Eli Allen, Louis Carrow, David Flambois and Jos. Flambois. Age 16, 10, 12, 10, 16, 18, 21, 24, 16 respectively. The last three are young men lately returned from Minnesota so that practically only six of the Flemish have agreed to go. I have endeavored to show to

them, the advantages the children
would receive at Carlisle. It is
my impression that when they
are ready to start, a few more
may be induced to go, as one
has reported since I commenced
to write which makes (10) in
