Gen. Thos. J. Morgan,

Commr. of Indian Affairs,

Washington, D.C.

Dear Gen' l.

I forwarded on Saturday the clippings -200 of each of the Congregationalist editorial and that of the Red Man - as you desired. They were both on one slip.

I am in receipt of a letter from Capt. J. E. Quentin, of Grand Junction, in which, anticipating his appointment as Supt. of that school, he asks me a great many questions. If he is really appointed I shall be glad, of course, to aid him with whatever information and advice I may be able; but if he is not to be appointed, it will be something of a saving to know that. It would save me the labor of giving the extended information. I shall be glad if you will let me know.

Your appointment of Superintendent for Chilocco will, I believe, turn out to be one of the very best.

I did not succeed in obtaining an interview with Mr. Blaine, and so wrote him a brief note inclosing Secty Noble's introduction.

Very truly yours,
