Indian Industrial School,

Carlisle, Pa. Jan. 21. 1890,

To the Hon.

The Commr. of Indian Affairs,
Washington, D.C.

Sir

We have had about 150 cases of "Grippe," followed in 22 cases by Pneumonia. By most careful nursing the Doctor has brought them through so far without loss.

The Hospital Stores have become depleted and the Doctor asks for certain articles, indicated on Special Estimate herewith. They are needed at once, and I respectfully request they be either ordered from Contractor and shipped immediately, or that I be authorized to purchase.

Very Respectfully
your Obl. Servt.

R.H. Pratt

Capt. 10th Cav. Inf.
