West Devere Wis. Feb 21st 1891

Hon Commissioner of Indian Affairs

In the name of humanity, I ask you to instruct Captain Pratt, of Carlisle of sent my son home, Jemison Scandore who attended Carlisle School over 2 years I recently received two letters from the boy, wants to come home, and wants me to make an effort with the Captain to have him returned home, and I have written to Captain Pratt, asking him to sent the boy home but never received any reply, consequently I write this message directly to your Hon. I understand he has to work out during vacancies, and I think since the boy is able to do farm work, I have plenty of work at home for him to do, which will be a great help to me

as I have no other boy in the
family to depend on for help, hence
I shall be very glad to have my request
granted, and have the boy sent home
You will please answer mine soon
as convenient,

Most Respectfully Yours &c

Joseph Scanadone

P. S. Direct yours to
