My Dear friend

I received you a letter to day,
And glad to hear very ^{good} advise. And
I have been here this Carlisle school
nearly eight years. And since that
I never get trouble with any body
yet teacher or any other person.
And I never killed no body also
ever since I start school. I only
get trouble on farm ⁱⁿ 1887 Because
the man he dont treat me right.
And he scold me and swear at
^{at} me so I dont try to stay there.
And if the man he used me
good and kind to me. Why

I remain there stick to it. I know how to do right. And I can obey the rules in this school. I don't seem why you are sorry to learn from him Captain. And I can study hard my lesson. And I be a good boy in the school room. And either out side the school every where. And I obey my teacher, and she tell me to do something. I do it. And I know how to do right myself and to follow everything what is best for me. And to take care myself. And also to put myself in the right way and that is the best way I can do. And I want to make myself to be a good man like the other people in the

eastern to be Christian. And I
want to ask you something. If
you dont let me going home I want
to be free from this school. And
if you let me go I shall be
thankful for that. And I can
learn anything here. I am not
young to go to school. I am
21 years old now this year.
So I will try to ask you this
another can you do it? And
first time I ask you to going
home But you dont let me go
So I try another may be you
will let me this time. And
I dont come here to stay all
my life. I come here for in side
five years. And to hard
for me understand English
