Hon. Thos. L. Bunting
Member of Congress.

Dear Sir.

My Daughter Linnie Thompson is at School at the Carlisle Indian Industrial School - Carlisle Pa Ny. Husband has the La Grippe for over three months - and is now still very low he wishes to see Linnie before he dies I have sent money and letters repeatedly to Capt. R. H. Pratt. Principal of said School to Let my daughter Come home - as her Father wishes to see her (all my children are here.) the Physician

who attends my Husband has written to Capt Pratt & said Letter has been forwarded to Mr. Pratt with Money for her return Passage – Now I appeal through you at the suggestion of Mr. Latham Rail Road Agent who says you no doubt can see the Secy of War or Interior in regard to releasing my Daughter) so that she can come home & once more see her Father before he dies He has the consumption which came from La. Grippe. Capt Pratt has no doubt been prejudiced in releasing her or letting her come home by advice from my own

Brother Wm Patterson who has
threatened that he would have
Capt Pratt hold her & not
let her come home to see
her dying father on account
of disagreement which he & I have
had ~~about~~ about property - Now
Mr. Bunting will you kindly
investigate and see why Capt
Pratt cannot allow my Daughter
to come home to see her dying
Father charity calls this & Justice
demands it -

I remain yours very Respfy
Mrs. Susan Thompson
