To the Honorable,

The Commissioner of Indian Affairs,
Washington, D. C.

Sir:

Replying to your letter of March 21st, marked "Education, 7805," I herewith return the letters referred to; after examining them and talking to the students who wrote them, I do not think it necessary to take any further notice of them. The writers of the two letters state that they wrote them soon after they came when they were homesick, and they are now satisfied and have not the same views they had then.

Very respectfully,

3 Enclosures.
