United States Indian Service,

Spec Aug F of Agency,

August, 1894.

To the Hon. Secy. Ind. Affairs,
Washington, D.C.

Dear Sir:—

I hereby ask the transfer of my daughter Lettie from Carlisle to Phila, Pa., to the school known as Lincoln Institute for the following reasons:—

It is a girls school exclusive. There are greater advantages, both educational and industrial. She has been at Carlisle over 3 years and as far as to our able to see, has made very little progress. There she will have the advantages of the public schools of all grades, has even entered the Normal and high school, has attend lectures, visit museums, art galleries, zoological gardens, see through the great factories, machine and locomotive shops, and observe commercial intercourse when it can be seen in all its places, all of which

~~X~~ an education outside of books and which
~~X~~ can not see in Carlisle. More than this,
~~X~~ has the advantages of choosing from a
 variety of occupations, such as dress making and
 millinery in any of the large stores - Business
 college, book keeping, type writing, telegraphy
 and so on.

I ~~have~~ ^{have} already communicated with the
 officers of that school and they are willing to
 take my daughter.

I earnestly beg your favorable con-
 sideration of this application for as a father
 I am deeply interested in this matter and am
 sure that my daughter will be more bene-
 fitted in this school than in any other.

Sent for Agency
 Oklahoma,
 August 25th 1894.
 Respectfully forwarded,
 and recommended for
 consideration.
 Mr Connolly is my
 Captain of Police,
 and his daughter has
 been acting as a
 clerk in my office
 for some time.
 If the foregoing com-
 munication is
 made, consistent
 with the rules of
 the Dept. I will
 be pleased to
 be back for the
 girl.
 Edward L. Thomas
