United States
Indian Industrial School,

Carlisle, Pa., Jan. 7th 1895.

Hon. Commissioner of Indian Affairs,
Washington, D.C.

Sir:

Referring to my letter in regard
to Tuberculosis in our herd I have
deemed it best in the emergency to
detail a Board of Survey to act in
the matter, and herewith forward the
proceedings in triplicate for your
approval.

Very Respectfully

" August Kessler Rec

Proceedings of a Board of Survey convened as
per following order:

At Indian Industrial School.
Lehigh Pa. Jan. 7th 1895.

Ordered.

A Board of Survey is hereby constituted
to meet at once and examine and
report upon and recommend the
disposition of certain cattle infected
and condemned because infected
with tuberculosis by Dr. Curtice,
Live Stock Agent of the Department
of Agriculture, Washington, D.C.

Detail for the Board.

Dr. Carlos Montezuma, School Physician
W. G. L. Thompson, Disciplinarian.

" August Kessler, Storekeeper
The last named will record
the proceedings which will be
made up in triplicate.

(Sgd.) R. H. Pratt.

Capt 10th Lang Inf't

In compliance with foregoing
order the Board met at 1.30 p.m.
Jan. 7th 1895.

All Members Present.

The Board finds that Dr. Curtice
Live Stock Agent of the Department
of Agriculture has made a thorough

examination of all the cattle for which Capt. R. H. Pratt 10th Cav Supt is responsible and he (Dr. Curtice) finds that 34 of them are infected with Tuberculosis and unfit for any use and dangerous to cattle about them because of infection.

The Board recommends that 30 animals be transferred to the Department of Agriculture at best rate that can be made, 2 to be killed for beef, (being only slightly infected) 2 have already been killed and that Capt. R. H. Pratt, 10th Cav Supt be relieved from responsibility and drop the same from his property return.

There being no further business before it, the Board adjourned sine die:
