States that she is on the rolls
of the Carlisle Indian School as
Asst. Matron, which position she

Respectfully forwarded Approved
Miss Hench is a woman of
Excellent character and good
ability, and I anticipate that
a transfer to a school remote
from the social demands of
her home and relations of her
youth would secure for the
Indian School work a less
broken and much more
satisfactory service.

Dr W. W. Hailman -

Supt. of Indian Schools - Washington D. C.

Dear Sir -

At present
I am on the rolls of the Carlisle Indian
School as assisting matron - which
position I have filled for the last three
years. I now desire a more
independent position and would
therefore petition for a transfer to a
matronship in another school in case
there is such a vacancy to be filled.

Very respectfully yours -

Martha B. Fruch
