In reply to:

DEPARTMENT OF THE INTERIOR,  
INDIAN SCHOOL SERVICE,  
OFFICE OF SUPERINTENDENT,

Carlisle Pa., Aug. 25, 1897.

To the Honorable

The Commissioner of Indian Affairs,

Washington, D. C.

Sir:-

The complication in coal matters has hindered the delivery of the two thousand tons of Anthracite and I respectfully request that the authority to pay Indian boys for shoveling coal granted by your letter August 6, 1897, may be extended in that particular to include September. This not to increase the amount to be expended under said authority.

For the month of September I request to be allowed to pay two milkers, Indians, Five dollars (45.) each \$ 10.

For skilled mechanical labor required in making repairs in masonry, machinery and similar expert work 45.

We are going to be short in our clothing to outfit boys this Fall and I request authority to hire 100 coats made at One dollar(\$1.) each, and 100 uniform pants at fifty cents each each 150.

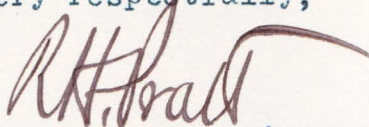

We also need for placing steam heat in the additions to the the shops and the rooms in the old laundry:

\$205.00

✓ 20 doz 3qt. water pitchers, extra heavy iron stone china, at \$4.80 per doz.	96.00

Total	\$442.20

The need in most of these cases is pressing and I trust this authority will not be delayed.

Very respectfully,

Capt 10 Cav'y., Supt.
