Department of the Interior,
INDIAN SCHOOL SERVICE,

Carlisle, Pa., June 9th, 1898.

Hon. W.A. Jones,
1314 N Street, N.W.,
Washington, D.C.

My dear Mr. Commissioner:

Lizzie Hill made application on the 11th of April for position of assistant matron in some western school. She is the girl who made the embroidery I sent to Mrs. Jones.

Lizzie is an exceptionally good girl and especially qualified for such duties as she seeks. I should be glad if she could receive an appointment at some good school where she will be under one of the best matrons in the Service, feeling sure that she will develop ability to fill an independent position soon. She writes me in anxiety about her appointment, hence this note.

Very truly yours,

Capt. 10th Cav'y., Supt.
